## Experience

### Web Developer – Mesquite Aircraft

February 2019

Created new site for aviation company with purpose of increasing their web presence and ultimately getting them more business.

- Worked with aviation professionals to design a great-looking site that listed all of their features and contact information.
- Drove traffic to the new site using a combination of SEO Techniques and Google Ads.

### Web Developer – SIGINT Music

October – December 2018

Made WordPress site with custom back end plugin that allowed the client to lease and sell music to customers.

### Curriculum Contributor – freeCodeCamp

September – October 2017

Helped contribute to the “Math for Programmers” curriculum for notable non-profit learning platform freeCodeCamp.
